

A well-known relay protection company in South Africa

Overview

Strike Technologies has grown to be a leading South African developer, manufacturer and distributor of globally competitive Medium Voltage Protection Relays, Surge Suppression Equipment and Industrial Earth Leakage Relays. We focus on equipment that provides protection of capital assets and human. Covering all applications in medium-voltage and high-voltage protection, from overcurrent or motor to complex distance protection, our protective relays give you the safety and reliability needed to operate with confidence. Add IEC 61850 Ethernet for best-in-class interoperability and communication. Proud providers of products, installation and support of Thytronic protection and control equipment. For the first decade of its existence, Strike Technologies was founder owned. For over 45 years, NewElec has been at the forefront of motor control, delivering innovative and reliable solutions across industries such as mining, water treatment, manufacturing, and renewable energy.
