

Black Fiber Optic Cable Models and Specifications

AI Overview

Black fiber optic cables come in various models including single-mode (OS2) and multimode (OM1, OM2, OM3, OM4, OM5), with different jacket types and structural designs for indoor, outdoor, and industrial applications.

Fiber Types and Applications

- Single-mode fiber (OS2):** Ideal for long-distance communication with very low signal loss, commonly used in telecommunications and long-haul networks.
- Multimode fiber (OM1, OM2, OM3, OM4, OM5):** Cost-effective for shorter distances such as in-building cabling, data centers, and high-speed network installations.

Jacket Ratings

- OFNR (Riser):** Suitable for vertical riser installations between floors; prevents flame propagation upward but not for plenum spaces.
- OFNP (Plenum):** Highest fire safety rating, approved for air-handling spaces; meets strict flame and smoke resistance standards.
- LSZH (Low Smoke Zero Halogen):** Reduces toxic fumes in case of fire, suitable for indoor and industrial environments.

Structural Designs

- Tight-buffered cables:** Compact design for indoor use, flexible and easy to terminate.
- Loose-tube cables:** Designed for outdoor or long-distance applications, often gel-filled or dry to protect fibers from moisture.
- Armored and ruggedized cables:** Provide mechanical protection for harsh environments, direct burial, or aerial installations.

Reinforcement and Special Features

- Metal, non-metal, or heavy metal reinforcement cores:** Enhance tensile strength and mechanical durability.
- Bend-resistant and fire-resistant models:** Suitable for indoor equipment and short-distance connections.
- Special fibers:** Include dispersion-shifted, non-zero dispersion, or flat dispersion fibers for high-performance or specialized applications.

Popular Black Fiber Cable Models

- Belden Black Fiber Optic Cables:** Available in OM1-OM5 and OS2, with indoor/outdoor, plenum, riser, and LSZH options.
- Mouser Black Fiber Cables:** Offers a wide inventory of single-mode and mul...
