

Bolivia Circuit Distribution Box

AI Overview

A Bolivia Circuit Distribution Box is a durable, IP65-rated electrical enclosure designed for residential, commercial, and industrial applications, supporting multiple MCB slots and DIN rail installation.

Key Features

Construction and Material: Typically made from high-grade PC+ABS alloy or galvanized metal, ensuring durability and resistance to impact and environmental conditions.

Dimensions: Common sizes include 260x110x200mm for compact models, and larger metal enclosures such as 20x20x15 cm, 30x30x20 cm, 50x50x20 cm, and 60x40x20 cm.

Protection Rating: Most boxes feature an IP65 waterproof rating, providing protection against dust and rain, and an IK08 impact rating for mechanical durability.

MCB Slots: Standard models offer 12-way MCB slots, allowing for flexible circuit distribution in both industrial and residential setups.

Mounting: Equipped with pre-installed DIN rails for easy installation of circuit breakers and other electrical components.

Applications

Residential: Home electrical distribution, solar power systems, and car charging stations.

Commercial and Industrial: Shopping malls, factories, and general-purpose electrical distribution.

Outdoor Use: Weather-resistant design allows installation in outdoor environments without compromising safety.

Suppliers and Availability

Bolivian Electric offers a wide range of electrical distribution boxes in various sizes and materials, with technical support and immediate availability.

Wholesale Options: Platforms like Go4WorldBusiness connect buyers with verified suppliers for bulk purchases of Bolivia electrical distribution boxes.

Online Retail: Amazon provides ready-to-ship options with complete installation kits, including expansion screws and waterproof connectors.

Installation and Safety

Ensure proper grounding and adherence to local electrical codes. Use the included DIN rails and mounting hardware for secure installation. Verify the IP rating and environmental suitability for outdoor or industrial applications. This type of distribution box is ideal...
