

Cable tray bracket installation price

AI Overview

Cable tray mounting brackets typically range from \$0.60 per unit for standard galvanized steel to higher prices for stainless steel or specialized designs.

Price Overview

Galvanized Steel Brackets: Standard industrial-grade galvanized brackets are available at approximately \$0.60 per unit, suitable for general indoor and semi-protected outdoor installations, with minimal corrosion resistance but cost-effective for bulk purchases.

Stainless Steel Brackets: These are more expensive due to superior corrosion resistance, durability, and suitability for harsh environments such as chemical plants, coastal areas, or outdoor installations. Prices vary depending on size and load capacity but are generally higher than galvanized options.

Aluminum Brackets: Lightweight and corrosion-resistant, aluminum brackets are ideal for elevated or hard-to-reach areas and temporary setups. They are moderately priced, offering a balance between durability and ease of installation.

Powder-Coated Mild Steel Brackets: Economical and visually customizable, these brackets are suitable for indoor environments like offices, hospitals, or server rooms. Prices are slightly higher than bare mild steel but lower than stainless steel.

Factors Affecting Price

Material: Stainless steel > Aluminum > Powder-coated mild steel > Galvanized steel.

Load Capacity: Heavy-duty brackets designed to support large cable trays cost more than light-duty versions.

Design and Features: T-shaped, wall-mounted, or brackets with integrated couplers for quick installation may increase the price.

Certifications and Standards: Brackets meeting CE certification, fire resistance (E90), or ISO standards may carry a premium.

Supplier Examples

Ekabel24: Offers wall-mounted brackets with CE certification and galvanization for professional installations.

RS Components: Provides a wide range of cable tray supports and hangers from brands like Legrand and Schneider Electric, suitable for commercial and industrial use.

Amazon: T-shaped wire mesh brackets with corrosion-resistant coatings are available for small-scale or...
