

Cable tray manufacturer direct sales to Hungary

AI Overview

Emtron KFT, AVIUS.hu, and Brilltech Engineers are among the top companies in Hungary offering high-quality cable trays directly to customers. Emtron KFT is a well-established supplier in Hungary, providing comprehensive cable tray systems and electrical materials for both industrial and personal construction projects. They act as the BAKS distributor in Hungary, offering sales and technical support in multiple languages including Korean, Hungarian, and English, making them a reliable choice for direct purchases and professional guidance on installation and system design. AVIUS.hu specializes in GRP (Glass Reinforced Plastic) cable trays, which are ideal for highly corrosive environments. Their trays are completely metal-free, transparent to electromagnetic waves, and do not require grounding. This makes them suitable for specialized applications where corrosion resistance and electromagnetic transparency are critical. They also offer large-span solutions due to the high glass content. Brilltech Engineers provides premium cable trays made from galvanized steel, stainless steel, and fiberglass, ensuring durability and compliance with industry standards. They offer a wide range of sizes and styles, including perforated trays that enhance airflow and prevent overheating. Brilltech also provides direct support for product selection, system design, and installation, making them a strong option for customers seeking both quality products and expert guidance. Summary For direct purchase of high-quality cable trays in Hungary: Emtron KFT: Best for comprehensive solutions and multilingual technical support. AVIUS.hu: Best for corrosion-resistant, non-metallic GRP trays. Brilltech Engineers: Best for premium materials, perforated trays, and full installation support. Choosing among these suppliers depends on your specific project requirements, such as material pre...
