

Dominican Industrial Lighting Distribution Box Manufacturer

AI Overview

Fenix, Solumex, and TargetLux are leading manufacturers and distributors of industrial lighting solutions in the Dominican Republic. Key Companies Fenix is a major electronics contract manufacturer in the Dominican Republic, offering industrial lighting components and residential breaker assemblies. They provide engineering support and customized solutions for electro-mechanical applications, making them a reliable source for industrial lighting distribution boxes and related components (Fenix). Solumex Led Industrial specializes in industrial lighting installations using LED technology. They provide customized solutions for industrial infrastructures, including photometric studies to optimize lighting efficiency and energy savings. Their expertise ensures long-term performance and compliance with industrial standards (Solumex). TargetLux Dominicana focuses on the design, manufacturing, and supply of high-quality LED luminaires for industrial, urban, and recreational applications. They offer certified industrial and anti-explosive LED lighting devices, with ergonomic light distribution and durable aluminum housings, suitable for industrial environments requiring reliable and efficient lighting (TargetLux). Additional Options Grupo Elias has been active in the Dominican market since 1967, supplying electrical and lighting solutions for industrial projects. They provide a range of products and services for industrial lighting, including distribution and installation support (Grupo Elias). These companies collectively offer a combination of manufacturing, distribution, and installation services, ensuring that industrial clients in the Dominican Republic can access high-quality, energy-efficient lighting solutions tailored to their specific needs. For industrial projects requiring LED distribution boxes, luminaires, or customized lighting solutions, contacting Fenix, Solumex, or T...
