

Dutch exporter of mesh cable trays

AI Overview

Gouda Holland B.V., Staalbouw Dijkstra, and Brilltech Engineers are key Dutch exporters of mesh cable trays. Gouda Holland B.V., based in the Netherlands and part of the Niedax Group since 2013, specializes in wire mesh cable trays under their Tandem series. Their trays range from light duty to heavy duty, with wire thicknesses up to 6 mm, and spans up to 4 meters. These trays are widely used in food & beverage, industrial, and solar installations, and the company provides technical support for customized solutions and installation guidance. Staalbouw Dijkstra manufactures and supplies cable trays in various materials, including aluminum, stainless steel, and steel. They offer fast delivery across the Netherlands and can produce trays in all standard sizes. Their services include direct consultation for project-specific requirements, making them a reliable partner for both domestic and export projects. Brilltech Engineers Pvt. Ltd. operates as a cable tray manufacturer and exporter in the Netherlands, offering perforated and mesh cable trays made from galvanized steel, stainless steel, and fiberglass. Their trays are designed for enhanced airflow, cable protection, and easy installation, suitable for industrial and commercial applications. They also provide system design support, installation guidance, and compliance with industry standards, making them a full-service supplier for international clients. Summary For businesses seeking mesh cable trays from the Netherlands, Gouda Holland B.V., Staalbouw Dijkstra, and Brilltech Engineers are prominent exporters. They offer a range of materials, load capacities, and customizable solutions, along with technical support for installation and project planning. These companies are well-suited for both domestic and international supply of cable management systems.
