

Egyptian companies that manufacture optical modules

AI Overview

Scope Optics and Arab International Optronics (AIO) are leading Egyptian companies specializing in optical modules and advanced optical systems. Scope Optics Founded in the early 1960s by Ahmed Abdel Azim, Scope Optics is a pioneer in optical lens technology in Egypt and the Middle East, combining German engineering and Japanese materials science to produce high-quality lenses . The company was the first in Egypt and the region to manufacture progressive free-form lenses and introduced anti-reflection coating technology. Scope Optics also developed Digital Ray Path, a personalized lens design system, and MetaVision, an eye-tracking lens technology. Their facility in Cairo maintains international quality standards and ISO-certified fitting labs, offering comprehensive vision care products for all ages and needs .Arab International Optronics (AIO)Arab International Optronics (AIO), established in 1982, focuses on advanced optical and electro-optical systems, including night vision devices, weapon sights, and artillery systems . AIO also manufactures CCTV and optical vision cameras, LED lighting systems, and solar PV modules, adhering to international standards such as ISO 9001:2015 . The company supports both civilian and defense applications, contributing to Egypt's national development plan by enhancing local industrial capabilities in precision optics and electro-optics .Other Notable CompaniesAl Mokhtar Optics: Specializes in designer prescription eyewear and sunglasses, emphasizing high-quality optical lenses and customer service .Orchidia Pharmaceutical Industries: Produces ophthalmic drugs and CE-marked medical devices, supporting the optical lens sector .Optoscient: Focuses on microscopy and pathology solutions, providing innovative optical and scientific products in Cairo . These companies collectively represent Egypt's growing expertis...
