

Energy-saving reinforced cable tray manufacturer price

AI Overview

Energy-saving reinforced cable trays are available from multiple manufacturers, with prices influenced by material, design, size, and customization options.

Key Manufacturers

- CanHopeSteel** – Offers lightweight, energy-efficient steel cable trays with molded reinforced bases and corrugated designs, reducing material use by 30–50% while improving heat dissipation and load-bearing strength.
- Zhejiang Huikun Power Transmission and Distribution Equipment Co., Ltd** – Produces galvanized, thickened, energy-saving molded cable trays and provides custom non-standard solutions for industrial applications.
- Huikun Manufacturer** – Supplies compression and reinforced bottom cable trays with ISO9001, CE, NEMA, UL, and SGS certifications, offering competitive pricing and flexible order sizes, including small trial orders.
- Alibaba Suppliers** – Various manufacturers provide energy-saving cable trays in fiberglass, stainless steel, and other materials, with options for dividers, covers, and custom designs.

Pricing Factors

- Material:** Fiberglass and stainless steel trays are more expensive due to durability and corrosion resistance.
- Design:** Molded reinforced or corrugated bases reduce material usage but may affect cost depending on complexity.
- Size and Load Capacity:** Larger trays or those designed for high-density cable installations cost more.
- Customization:** Additional accessories, non-standard dimensions, or embedded monitoring features increase the price.
- Delivery Terms:** FOB, CIF, or CFR shipping options can influence the final cost, especially for international orders.

Price Estimates

While exact prices vary by manufacturer and order volume, typical ranges for standard energy-saving reinforced cable trays are:

- Small to medium trays: \$20–\$50 per meter for steel or galvanized models.
- High-end or custom trays: \$60–\$120 per meter for reinforced, molded, or smart cable tra...

FRP Cable Tray

Find here FRP Cable Tray, Frp Ladder Type Cable Tray manufacturers, suppliers & exporters in India. Get contact details & address of

Reliable Solutions for Efficient saving energy saving cable tray ...

Discover high-quality saving energy saving cable tray designed for efficient cable management, offering durability and easy installation. Ideal for enhancing organizational systems in commercial settings.

Gi Cable Tray

GI cable trays offer a range of advantages, including corrosion resistance, versatility, heavy load-bearing capacity, ventilation, easy installation, inspection

Source Factory Energy Saving Cable Tray CE Certified Corrosion ...

Source Factory Energy Saving Cable Tray CE Certified Corrosion Resistant Pre-Galvanized Perforated Best Price

Cable tray, Wireway

AMROCK offers extensive range of Cable Trays /Ladders made of FRP (Fiberglass Reinforced Plastic). These trays /ladders are used for installation of power cables

Energy-Saving and Cost-Reducing Cable Tray

Energy-Saving and Cost-Reducing Cable Tray, Find Details and Price about Cable Tray Cost-Reducing Cable Tray from Energy-Saving and Cost-Reducing Cable Tray - Henan Catchance Industrial Inc.

Cable Tray Installation Cost per Meter

Cable tray installation cost per meter varies by specifications; GangLong Fiberglass offers kits for raised floor system and facility needs. Cable

HDmann Custom Light Medium Heavy Duty Energy-Saving Pressed

HDmann FRP Cable Trays are made of corrosion-resistant fibre-reinforced plastic, and are aimed for electrical and instrumentation installations. The design delivers weight reductions while maintaining

Aluminum Cable Tray for Power Plants, Solar Farms,

Snap Track ventilated aluminum cable tray for power generation, utility-scale solar BOS, substations, and battery energy storage. 40-60% labor savings vs conduit.

300*100 Thickened Energy-Saving Molded Cable Tray Galvanized

An enterprise integrating sales and service, The company is located in the beautiful Jinhua-Meijiang Town, Lanxi City, with registered capital 80 million yuan, with first-class processing and testing

Cable Trays

Cable trays and ladders are standardly produced in 3-meter lengths but can also be manufactured in 6-meter lengths if desired. Fully automatic production lines

Energy Saving Cable Tray: Efficient & Durable Solutions

Comparative analysis of leading energy saving cable trays reveals distinct options for various applications. Below is a technical comparison based on supplier data:

Cable Tray for Renewable Energy Facilities: A

Not sure which cable tray to use for your renewable energy project? Discover the best types, materials, and design tips to reduce cost and improve

Cable trays

We offer a wide range of cable tray systems to support tubing, electrical cables and instrumentation. Our cable trays are produced in fit for purpose materials like

Lightweight Energy-Saving Cable Tray

Our energy-saving, high-strength pressed steel cable tray is made from color-coated steel plates with organic coatings.

Cable Tray Price Per Meter: Market Analysis & Cost

Discover the key factors affecting cable tray price per meter, including materials, demand, and competition. Get cost insights and future

Cable Tray Manufacturer in India | Industrial Cable Trays

These cable trays have been designed to meet the stringent standards of diverse industrial, commercial, power generation, and infrastructure installations and

Cable Trays

Find here Cable Trays, Metal Cable Trays manufacturers, suppliers & exporters in India. Get contact details & address of companies manufacturing

Energy Saving Molded Cable Tray | Lightweight Cable

Energy saving molded cable trays are designed to reduce energy consumption and resource waste through structural optimization and functional design. They utilize

Cable Tray | Wire Mesh, Ladder Tray and More Wire Management

Cable trays and baskets are designed to help support and route cable bundles in an organized manner along ceilings or walls. Shop for cable tray systems now.
