

Fiber Optic Cable Junction Box OEM Manufacturer

AI Overview

Leading OEM manufacturers of fiber optic junction boxes include Fibermint, GETEKnet, and JUNPU, offering customized solutions, factory-direct pricing, and global shipping. Key OEM Manufacturers Fibermint is a China-based manufacturer specializing in fiber optic splice closures, distribution boxes, and terminal boxes. They provide OEM/ODM solutions, on-time delivery, and factory-direct pricing, catering to telecom operators, system integrators, and government projects. Their products support modern optical networks, including 50G PON deployments, and are designed for durability and efficient installation. GETEKnet offers customized fiber optic closure, distribution box, and terminal box solutions with strict quality control. They focus on delivering tailored OEM products to meet specific network requirements, ensuring reliable performance in both indoor and outdoor environments. JUNPU provides a wide range of fiber optic communication equipment, including splice closures, distribution boxes, and FTTH solutions. With over 13 years of OEM/ODM experience, JUNPU emphasizes durable materials, compact design, and seamless connectivity, suitable for various connector types and environmental conditions. They also offer factory-direct shipping and certified quality products. Product Features and Applications Fiber optic junction boxes from these OEM manufacturers typically include: Splice closures for protecting and organizing optical fibers. Distribution boxes for managing multiple fiber connections and splitters. Terminal boxes for connecting optical nodes to end-user equipment. Durable materials such as ABS or reinforced plastics for indoor/outdoor use. Bend radius control and strain relief to maintain signal quality. Scalability to accommodate network expansion and multiple fiber cables. These boxes are widely used in FTTH, FTTx, and ODN networks, supporting high-spe...
