

Four-in-one-out-of-the-light module

Overview

It integrates four RF chips (CC2500, NRF24L01+, A7105, CYRF6936) into one single circuit board, it supports a variety of remote control protocols, such as Futabas S-FHSS, Walkera DEVO, Spektrum DSM2, DSMX, Flysky, Frsky, WLToys, Hubsan, Hisky, Esky, Assan etc. Rheinmetall has secured what it describes as the largest order for laser-light modules in its history, with the Bundeswehr placing a definitive call-off for the LLM-VarioRay in support of Germany's new assault rifle program. The order follows approval by the German Bundestag's Budget Committee in. This 4-in-1 TX module is suitable for FRSKY X-Lite. The IO04F01KNX-SD version includes a microSD card reader with which you can save the programming of the device and restore it to an identical device, avoiding field. Rheinmetall is one of the market leaders for laser light modules (LLM) and has been for over two decades. The LLM-VarioRay is the successor to our combat proven LLM-01, which has been sold over 150,000 times. The LLM-VarioRay has three powerful lasers (2x infrared and visible) in a fully integrated. DIN rail EIB/KNX actuator with 4 relay outputs for the control of loads, shutters and venetian blinds Moreover, 8 logic blocks are available to implement simple expressions with logical or threshold operator or complex expressions with algebraic and conditional operators.

Article Content

Largest order for Laser-Light-Modules: Rheinmetall to supply LLM ...

It features a powerful white light LED, a red-light laser marker, an infrared laser marker and an electrically focusable infrared illuminator. The light source can be selected and adjusted

LLM-VARIORAY

The LLM-VarioRay is the first choice for laser aiming device with an integrated white light. The LLM-VarioRay offers a significant improvement to night and low light fighting capabilities.

4 OUT Universal DIN Module

UNIVERSAL DIN MODULE 4 OUT. Modular actuators for DIN rails: switching, load control and load management for professional control cabinet — request data sheet and curves.

Controllable Four Outlet Power Relay Module version 2

This beefy relay power module is well designed and is great when you need to control more than one outlet at a time. New! As of August 2017 we now have

Lighting, LED lights, LED strips | online at HÄFELE

LED lighting for furniture & rooms With the LED lighting systems from Häfele Loox and Nimbus, you can equip kitchens, living rooms, bedrooms, storage spaces

LLM-VarioRay | Rheinmetall

Das Rheinmetall Laserlichtmodul LLM-VarioRay ist der kompakte und erweiterte Nachfolger des kampferprobten LLM-01.

IRX4 Lite 2.4G Protocol 4-in-1 Module D8 D16 DSM2 SFHSS

This four-in-one tuner module integrates four RF chips, CC2500, NRF24L01, A7105, and CYRF6936, into one circuit board. It can identify the PPM signal output by a remote control, and then convert it

4-in-1 Multiprotocol TX Module for FrSky

This 4-in-1 TX module is suitable for Frsky radios with Lite version external module bay. It integrates four RF chips (CC2500, NRF24L01+, A7105, CYRF6936) into

Universal 4 IN / 4 OUT PLUS DIN Module

The inputs (1 ÷ 4) can be connected to push buttons, switches, or be configured as outputs to activate individual signalling LEDs (see LED electron code LD00A01ACC / LD00A11ACC) and can be used

Rheinmetall Soldier Electronics – Pardus Defence

The Tactical Light TL-MissionLight is a new modular lamp system, especially designed for harsh environments. Due to the modular product concept the TL-MissionLight can be configured to any
