

High-density cable tray accessories

Overview

A functional cable tray system consists of various clamping, supporting, and splicing accessories in order to achieve the best possible system. Other add-ons include plastic nuts, bolts, swift clips, wire baskets, couplers, tees, crosses, and brackets. Cable Tray Accessories Overview: Cable tray accessories are essential components that complement the main cable tray system. They offer an alternative to open wiring or electrical conduit systems and are necessary for cable management in commercial and industrial construction, as well as certification requirements and applications. Whether specifying a major new project, refurbishing existing facilities or doing the engineering, procurement and construction (EPC) for your end user, with T&B Cabletray, ABB offers reliable solutions duly conforming to ASTM A123 & ISO 1461 : m. Choose from our selection of cable tray accessories, including cable and hose trays, steel formable cable and hose trays, and more.
