

High-density fiber stripping pliers energy-saving type in stock

Overview

This battery-powered, handheld stripper features an integral heating element that enables it to soften and strip optical fiber coating quickly and easily with little to no effort by the user. The Precision Strip requires less than a pound of peak force for stripping coated fiber. [PREMIUM QUALITY] Featuring sharp jaws made of high hardness carbon steel, these pliers are tough,, and long-lasting. This rechargeable portable fiber optic thermal stripping pliers support charging while working. LASER COMPONENTS offers the correct strippers for all common fibers. Under the Cablematic, Miller, ODM and Utility Tool brands, we sell a wide range of fiber processing tools.
