

How much does cable tray cost in Suriname

AI Overview

Cable tray prices in Suriname typically range from \$20 to \$150 per meter, depending on material, size, and type. Factors Affecting Cost The price of a cable tray in Suriname depends on several factors:

- Material:** Galvanized steel, stainless steel, and fiberglass are common. Stainless steel trays are more durable and corrosion-resistant, often slightly more expensive, while fiberglass and standard galvanized steel are more affordable.
- Type:** Perforated, ladder, and solid-bottom trays vary in cost. Perforated trays allow better airflow and cooling but may cost more than solid trays.
- Size and Load Capacity:** Wider trays or those designed to carry heavier cables are priced higher.
- Customization:** Custom lengths, bends, and accessories like covers or supports can increase the total cost.

Typical Price Range

- Standard Galvanized Steel Tray:** \$20–\$50 per meter.
- Stainless Steel Tray:** \$50–\$150 per meter, depending on thickness and finish.
- Fiberglass or Composite Trays:** \$40–\$100 per meter, offering corrosion resistance and lightweight installation.

Local Suppliers

Several suppliers in Suriname provide cable trays and related services:

- Brilltech Engineers Pvt. Ltd.:** Offers galvanized, stainless steel, and fiberglass trays with installation support and custom solutions.
- Jeetmull Jaichandlall:** Specializes in stainless steel cable trays and exports globally, including Suriname.
- Micro Sheet Crafts:** Provides modular and customized cable trays at competitive prices.

Recommendations

Contact suppliers directly for quotes, as prices can vary with order volume, shipping, and local taxes. Consider material and environmental conditions; stainless steel is ideal for humid or corrosive environments. Factor in installation costs, which may include supports, fasteners, and labor. By comparing suppliers and specifying your project requirements, you can obtain the most accurate pricing for cable trays in Suriname.
