

Italian ladder cable tray production

AI Overview

Italy produces high-quality ladder cable trays through manufacturers like Schiavetti Tekno (Spina Group) and Zamet SpA, offering customizable, certified solutions for industrial and infrastructure applications.

Key Italian Manufacturers

Schiavetti Tekno (Spina Group) is a leading Italian producer of cable trays, including ladder types, with over 30 years of experience in industrial and infrastructure projects. Their ladder cable trays are designed for high mechanical resistance, maximum ventilation, and safe cable routing, suitable for heavy-duty industrial environments. Materials include Hot-Dip Galvanised (HDG), stainless steel, and aluminium, with standard widths like 300 mm and custom sizes available. Accessories such as elbows, junctions, supports, and covers ensure modular and safe installation. All products comply with EN and UL standards, and UL certification is available for specific models.

Zamet SpA is another major Italian manufacturer with over 40 years of experience, producing trunking and cable tray systems for civil and industrial applications. Zamet offers custom designs and a variety of systems suitable for different industrial sectors, including oil & gas, chemical, and food industries. Their production emphasizes robustness, compliance with strict standards, and flexibility for small or large customized lots.

Production Capabilities and Customization

Italian manufacturers provide tailor-made solutions for ladder cable trays, including:

- Material options:** stainless steel, galvanised steel, aluminium, and Sendzimir-treated steel.
- Design flexibility:** standard and custom widths, perforated or solid rungs, and compatibility with modular accessories.
- Industrial compliance:** adherence to EN, UL, NEMA, CEI, IEC, and ATEX standards for safety and performance.
- Support services:** technical design, testing, and after-sales assistance for installation and maintenance.

Applications

Italian ladder cable trays are widely used in:

- Industrial plants:** energy, petrochemical, and manufacturing facilities.
- Infrastructure projects:** gas pipelines, marine installations, and large-scale electrical...
