

Jordan Zinc-Aluminum-Magnesium Cable Tray Price Quotation

AI Overview

Zn-Al-Mg cable trays in Jordan are available from specialized suppliers, with prices varying based on size, customization, and order volume, typically ranging from \$0.80 to over \$76 per unit for bulk orders.

Supplier Options and Specifications

In Jordan, cable trays made from Zinc-Aluminum-Magnesium alloys are designed for high corrosion resistance, especially in harsh outdoor or coastal environments. These trays often feature C-Channel/U-Channel steel structure with Zn-Al-Mg accessories for enhanced oxidation resistance. Standard widths of 30–40 cm, with customizable sizes available to meet project requirements. Modular design allowing bolt-on or self-tapping screw installation for flexible on-site construction. Safety and regulatory compliance, including structural integrity verified through tensile testing.

Pricing Overview

While exact Jordan-specific quotations are not publicly listed, B2B bulk pricing for Zn-Al-Mg cable trays generally ranges from \$0.80 to over \$76 per unit, depending on material thickness, tray type (perforated, ladder, or wire mesh), and order volume. Suppliers often provide OEM/ODM services for non-standard sizes or project-specific requirements. Technical consultation and installation guidance to ensure proper setup. After-sales support, including maintenance, repair, and warranty services.

How to Obtain a Formal Quotation

Contact local suppliers in Jordan, such as galvanized or Zn-Al-Mg cable tray manufacturers. Provide project specifications, including tray length, width, load capacity, and environmental conditions. Request bulk pricing and delivery options, as prices can vary significantly with order volume. Ask for technical documentation and certifications to ensure compliance with safety and structural standards.
