

Modular Data Center Supporting Companies

AI Overview

Top companies providing modular data center solutions include Dell Technologies, Schneider Electric, Vertiv, Huawei, HPE, ABB, Eaton, BladeRoom, Durata, and Northstar Enterprise + Defense.

Key Companies and Their Specializations

Dell Technologies – Offers a full-stack modular data center portfolio, focusing on Tier 2 and Tier 3 capabilities, hyper-converged infrastructure, edge computing, and AI-driven solutions. Dell's modular systems are scalable, flexible, and energy-efficient, ideal for rapid deployment in existing Dell-centric IT environments.

Schneider Electric – A global leader with end-to-end integration of power, cooling, racks, and DCIM. Their EcoStruxure platform supports sustainable, scalable modular data centers across hyperscale, edge, and enterprise applications.

Vertiv – Specializes in prefabricated modular blocks with fast deployment, strong edge computing support, and multi-megawatt campus solutions. Vertiv integrates Liebert cooling and power systems for reliable core-to-edge operations.

Huawei Technologies – Provides FusionModule series, integrating power, cooling, IT, and AI-driven management. Huawei excels in rapid deployment and cost-effective solutions, particularly in APAC and MEA markets, supporting large-scale 5G and cloud infrastructure.

Hewlett Packard Enterprise (HPE) – Offers Performance Optimized Datacenters (PODs) for high-performance computing and hybrid cloud transitions. HPE focuses on modular units optimized for GreenLake consumption models.

ABB – Delivers integrated electrification and automation in prefabricated systems, providing industrial-grade reliability for critical loads and modular power infrastructure from medium voltage to rack level.

Eaton – Known for power resilience, including UPS, PDUs, and modular power rooms. Eaton's solutions are tailored for AI/ML workloads and rapid edge deployment.

Measuring the Data Center Boom: Facts and Statistics

Rapid adoption of AI among enterprises and consumers is fueling the growth of data centers, the massive structures that provide the necessary

Who Uses Small Modular Data Centers: The Key Customers

Companies in automotive, aerospace, and energy sectors use modular data centers for real-time control, predictive maintenance, and IoT analytics. Examples include Siemens, GE, and

Top 7 Modular Data Center Manufacturers 2026

1. Top 7 Modular Data Center Manufacturers In this blog, we will briefly explore a list of some of the top modular data center companies and the list of products they offer:
1.1. Dell Technologies Dell

Top 7 Modular Data Center Manufacturers 2026

Some of the top manufacturers of modular data centers include HPE, IBM, Eaton, Schneider Electric, Huawei, Dell, Vertiv, and others.

Top 10: Modular Data Centre Companies

As computing demands surge, modular data centres are redefining how infrastructure is built, scaled and operated. Designed for rapid deployment,

Top Companies List of Modular Data Center Industry

The research insight on Modular Data Center industry highlights the prominent players in the market. Get known & unknown adjacencies impacting the market for Modular Data Center.

Modular Data Centers: When They Work, and When

Modular data centers offer fresh opportunities for the industry, but that doesn't mean they are right for every occasion.

Google expands Alabama data center campus, funds community efforts

We're strengthening our presence in Alabama through new investments and community support. Google has announced a \$1.5 billion investment for 2026 and 2027 to expand its data

Modular Data Centers: Prefabricated Containers and

Modular data centers are prefabricated buildings such as a container that house servers, data hall, or data center module for power and cooling.

Top 10 Modular Data Centre Companies (2025)

Top 10 Modular Data Centre Companies (2025) Who leads them, what makes them tick — and who's about to blow the market wide open? 1.

Rittal Limited Canada – Enclosures, Power distribution, Climate

Modular data center solutions Discover new perspectives: From standardized data center modules to new infrastructure and cloud solutions.

Prefabricated Data Centers Market Insights, Leading Companies

The Prefabricated Data Centers Market Insights, Leading Companies & Future Outlook - Global Prefabricated & Modular Data Centers Market to Reach \$17.76 Billion by 2034 -

Top 14 Modular Data Center Construction Investors in Europe

Want to find more investors focusing on the modular data center construction industry? If you want to find more investors that are active in the modular data center construction industry, you

Modular Data Center Market Size, Share & Growth,

The Modular Data Center Market estimated size and share is projected to exceed USD 144.23 billion by 2034, with a forecasted CAGR of

Top Modular Data Center Construction Companies

The company specializes in designing and delivering innovative modular data center solutions, including prefabricated containerized options. With over 20 years of experience, they address technical

AI Datacenter Liquid Cooling Market | Global Market

Strategic priorities for all competitors center on cost reduction, reliability improvement, and the ability to scale production to match accelerating

Top 10: Modular Data Centre Companies | Data Centre

Here we highlight the top 10 companies leading the modular data centre revolution, ranked by market leadership, innovation, global scale and

Modular Data Center Vendors: Who Builds What in 2026

Compare the leading modular data center vendors in 2026. Expert breakdown of who builds what, costs, deployment times, and vendor capabilities.

Data Center Power Companies

Data Center Power Companies: Leaders, Top & Emerging Players and Strategic Moves The data center power sector sees key names such as Schneider

Modular Data Center Companies

Top Modular Data Center Companies, Leaders & Major Players Explore list of the top Modular Data Center companies based on extensive research conducted by

Modular Data Center Companies

List of the top Modular Data Center companies based on extensive research conducted by Mordor Intelligence analysts and expert advisors that identified these brands to be the leaders and major

Top 7 Modular Data Center Companies: VMR Analyst Evaluation

Explore the Modular Data Center market leaders. Our Senior Analysts evaluate Schneider, Vertiv, and Huawei based on PUE efficiency, CAGR, and Edge AI scalability.

Top 26 Modular Data Center Construction Companies

If you want to find more companies that offer innovative solutions like prefabricated structures and cooling systems you can do so with Inven. This list was built with Inven and there are hundreds of

Modular Data Center Companies

These modular data centers offer flexibility and scalability, making them suitable for businesses with evolving data center needs. Leading modular data center providers include

The Modular Data Center Ultimate Guide

A modular data center is a quick, flexible, and cost-effective way to boost your data storage. Using prefabricated

Top 26 Modular Data Center Construction Companies

Want to Find More Modular Data Center Construction Companies? If you want to find more companies that offer innovative solutions like prefabricated structures and cooling systems you can do so with
