

Monaco KVM Fiber Optic Transmitter

Overview

0 signals along long distance with zero latency, ideal for the professional A/V scenarios where UHD displays and real-time interactions are required. This product is a 4K KVM Extender set. Transmits 4K video along unlimited distance over 1G network via 1Gbps multimode. If you're sending KVM signals between buildings for an extended distance, in areas supplied by different power sources, in an electrically noisy environment, or where data security is a big concern, you need to use a fiber optic-based KVM extender. Optical fiber is an ideal transmission medium not. For computers with dual video heads, extend signals over single-mode fiber. Perfect for expansive spaces like large buildings, ensuring clear, high-quality visuals. ● Unmatched Stability with Fiber Optic: Our. ● Unmatched Stability with Fiber Optic: Our fiber optic connection eliminates electromagnetic interference (EMI) and provides optical isolation, guaranteeing uninterrupted and superior video transmission. Ideal for data control centers, university campuses, hospitals, sports arenas, and more. ●. Learn why IT Pros trust StarTech.
