

Namibian Electrical Distribution Box Manufacturer

AI Overview

Central Technical Supplies, Dunelec, Megatron Engineering Namibia, and Protecton Engineering Namibia are key providers of electrical enclosures in Namibia. Central Technical Supplies (CTS) CTS, in partnership with Elen Enclosures, offers high-quality electrical enclosures suitable for harsh environments. Their products include wall-mounted and floor-standing enclosures made from materials such as fiberglass and mild steel, with a variety of IP ratings to meet industrial requirements. CTS serves multiple sectors in Namibia, providing solutions for automation, monitoring, and process control applications. Dunelec Dunelec, based in Swakopmund, specializes in electrical supply and installation, including Namibian-made enclosures branded as NAMGLOOS. They provide a full range of services from design and CAD drawings to installation, automation software, and commissioning. Their expertise spans instrumentation, PLC programming, and renewable energy systems, making them a versatile option for customized enclosure solutions. Megatron Engineering Namibia Megatron Engineering Namibia (Pty) Ltd is a 100% Namibian-owned company focusing on medium and high voltage electrical projects. While primarily an EPC contractor, they have access to global OEM enclosures and provide certified technical services across Namibia and the SADC region. Their offerings include design, installation, and maintenance of electrical distribution infrastructure. Protecton Engineering Namibia Protecton Engineering Namibia (Pty) Ltd provides comprehensive electrical engineering, procurement, and construction (EPC) services. They specialize in transmission and distribution stations, overhead and underground lines, and electrical infrastructure projects. Protecton can supply, design, and commission electrical enclosures as part of turnkey solutions for government, utilities, and indus...
