

Nordic Wall-Mounted Network Cabinet Manufacturer

AI Overview

Norden Communication and INTOS Electronic AG are leading manufacturers of Nordic wall-mounted network cabinets, offering robust, space-efficient enclosures for IT and networking equipment. Norden Communication specializes in wall-mounted cabinets designed for home, office, and commercial environments. Their products, such as the Smartcab and Easycab ranges, feature welded structures with electrostatic powder-coated finishes, ensuring durability and compliance with international standards like ANSI/EIA, GB/T 19183, and IEC 61969. These cabinets are suitable for both internal and external telecommunication purposes, offering IP65 and IP66 protection for outdoor installations. They provide secure locking, effective ventilation, and structured cable management, making them ideal for compact infrastructure deployments. INTOS Electronic AG offers InLine® mini racks and RXA flat-pack wall-mounted cabinets, designed for industrial, building automation, and compact network solutions. Their cabinets are made from 1.5 mm SPCC steel with black powder coating, providing stability and high-quality workmanship. Features include adjustable vertical 19" rails, breakout-type blanking panels for ventilation, and quick wall mounting with included screws and dowels. The RXA series emphasizes cost-effective transport and storage while maintaining full functional characteristics. These cabinets are suitable for devices with varying installation depths and allow flexible cable management and cooling options. Key Features to Consider: Material and Finish: Powder-coated steel for durability and corrosion resistance. Mounting Options: Flush-mount, recessed, or flat-pack designs for wall installation. Protection Ratings: IP65/IP66 for outdoor use, dust and water resistance. Cable Management: Structured openings, breakout panels, and adjustabl...
