

Price of Special Cable Trays for China and Europe

AI Overview

Cable tray prices from China to Europe range from approximately \$0.80 to \$76 per unit depending on type, material, and order volume, with bulk B2B purchases offering the most cost-effective options.

Overview of Pricing

B2B Bulk Pricing: Industrial-grade cable trays sourced from Chinese manufacturers typically range from \$0.80 to over \$76 per unit, depending on material (stainless steel, aluminum, galvanized steel, or FRP), tray type (ladder, perforated, solid-bottom, or channel), and order volume (Accio, 2025).

B2C or Small Orders: For smaller-scale purchases, prices on platforms like Amazon range from \$15 to \$34 per unit, though these are generally for consumer-grade or under-desk trays (Accio, 2025).

Material and Type Considerations

Stainless Steel (304/316): High corrosion resistance, suitable for harsh environments, chemical plants, and outdoor installations. Higher initial cost but long-term durability (Alibaba, 2025).

Aluminum: Lightweight, corrosion-resistant, ideal for commercial and industrial applications.

Galvanized Steel: Cost-effective, suitable for indoor industrial use.

FRP (Fire-Resistant Plastic): Used in environments requiring fireproofing and electrical insulation.

Tray Types:

Ladder Trays: Strong, durable, ideal for heavy-duty installations.

Perforated Trays: Balance between protection and ventilation.

Solid-Bottom Trays: Maximum protection from dust, water, and debris.

Channel Trays: Compact, for small bundles or tight spaces (Alibaba, 2025).

Sourcing from China

Key Industrial Clusters: Guangdong, Zhejiang, Jiangsu, Hebei, and Shandong provinces are major production hubs, with Guangdong and Jiangsu offering certified, high-reliability products suitable for export (Soho in China, 2026).

Compliance: Many suppliers adhere to international standards such as IEC 61537, UL 2225, and AS/NZS 3000, which is critical for European import compliance (Soho in China, 2026).
