

Reinforced Fiberglass Cable Trays

Overview

FRP cable tray, also known as GRP tray, is a durable support system made from advanced resin and fiberglass reinforcement, designed to manage and protect cables from heat, rain, and corrosive environments. Made from the highest quality pultruded materials, our Fiber Reinforced Polymer (FRP) cable tray is extremely durable and resistant to chemical attack, with a proven record of. SFSP-INTECH Fiberglass Reinforced Plastic Cable Management System is designed, manufactured, and tested to be installed in most harsh environmental conditions of onshore and offshore facilities for several industries including Oil and Gas, Petrochemicals, Manufacturing, Mining and others. Subject to the corrosive conditions inherent in petroleum products, plus the daily punishment of exposure to wind, weather, and saltwater.
