

Romanian Flame-Retardant Optical Cable Manufacturer

AI Overview

APAR and Halley Cables are leading Romanian manufacturers offering flame-retardant and fire-resistant optical cables. APAR is a prominent Romanian manufacturer of fiber optic cables, including fire-resistant and LSZH optical cables suitable for emergency communication systems and industrial applications. Their production facilities feature latest-generation automated machinery and an ILAC MRA accredited testing lab, ensuring high-quality, reliable, and consistent products. APAR offers a wide range of optical cables, including unitube, multi-tube, breakout, ribbon, and ADSS aerial cables, with options for duct, direct-buried, and aerial installations. Their fire-resistant cables are designed for FTTH, telecom, and critical infrastructure networks. Halley Cables has over 15 years of experience in cable manufacturing and supplies a variety of cables for sectors such as naval, mining, petroleum, aeronautics, military, and renewable energy. They provide customized solutions and can deliver globally. While their website emphasizes a broad cable portfolio, their expertise in industrial and safety-critical sectors indicates capability in flame-retardant optical cable production.
