

SMC Double Door Fiber Distribution Box

Overview

SMC Fiber Distribution Box is a revolutionary new product on the market, designed to revolutionize how homes are wired for high-speed data transmission. It eliminates the need for complex circuit designs and expensive cabling, resulting in easy installation and significantly. The ODC series SMC Optical Fiber Cross Connection Cabinet is used for optical cable connection, distribution and management in outdoor fiber networks. The cabinet adopts an SMC enclosure structure and is suitable for telecom and mobile operator applications. It's lighter than the metal material box but stronger than the plastic material box, and can be molded to be different beautiful shapes. SMC, wet-proof, water-proof, dust-proof, anti-aging, Protection grade is IP65.
