

Singapore Original Industrial Switch Brand

AI Overview

SL Electric, Supertron, JFL Electronics, and T&J Electric are among the trusted original industrial switch brands in Singapore. Key Singaporean Industrial Switch Brands SL Electric Pte Ltd is a well-established local manufacturer with over 20 years of experience, specializing in high-quality switchboards and industrial switchgear solutions. They serve diverse sectors including commercial, residential, industrial process plants, healthcare, and mission-critical facilities, offering products that meet strict safety and performance standards. Supertron (S) Pte Ltd provides a wide range of industrial switches, including voltage controllers, pressure switches, and power switches. Their products are designed for easy panel mounting, maintenance, and space-saving applications, making them suitable for various industrial control systems. JFL Electronics Pte Ltd is a distributor and trader of electrical components, including industrial switches, joysticks, LED indicators, and control devices. As an APEM distributor, they offer a broad selection of switches for industrial applications. T&J Electric (Singapore) Pte Ltd delivers CoC-certified switches and sockets for commercial and residential projects. Their products are recognized for safety, durability, and design, and are widely used in hotels, modern developments, and other professional installations. Additional Notes While international brands like Legrand, Schneider Electric, MK Honeywell, Hager, and FYM are also available in Singapore through suppliers such as Guan Seng Electrical, the above-mentioned companies represent original Singapore-based industrial switch manufacturers and distributors. These brands are known for reliability, compliance with local safety standards, and technical support, making them suitable for both industrial and commercial projects. For sourcing, it is recommended to contact the companies dir...
