

Southeast Asian backbone optical cable manufacturers

AI Overview

Key optical cable manufacturers in Southeast Asia include Prysmian Group, Yuyao Jera Line, Nexans Singapore, Yitofc, FiberTek, and Starview Technologies, serving telecom, industrial, and data center markets. Major Manufacturers and Regional Presence

Prysmian Group operates multiple factories in Malaysia, Indonesia, and Thailand, with a regional distribution center in Singapore, providing high-quality fiber optic and energy cables tailored to Southeast Asia's infrastructure needs.

Yuyao Jera Line is a global cable manufacturer with a strong presence in Southeast Asia, supplying fiber optic cables for FTTH, mini ADSS, and urban/rural network projects in countries like the Philippines, Malaysia, and Thailand.

Singapore-based manufacturers include:

- Nexans Singapore Pte Ltd:** Offers a wide range of fiber optic cables for telecom, data centers, and industrial projects.
- Yitofc Fiber Optic Cable Manufacturer:** Experienced in high-performance optical cables with ISO9001 certification and multiple production lines.
- FiberTek:** Provides fiber optic products including uni-tube cables designed to prevent water penetration, suitable for industrial and telecom applications.
- Starview Technologies:** Specializes in high-speed communications infrastructure, including reinforced and waterproof optical patch cords for military and industrial use.

Other notable players include **Nera Telecommunications Ltd (NeraTel)**, which focuses on optical network solutions and has over 45 years of experience in Southeast Asia.

Product Specializations

- FTTH (Fiber-to-the-Home) cables:** Used in urban and rural broadband deployment.
- ADSS (All-Dielectric Self-Supporting) cables:** Suitable for aerial installations without metallic components.
- DWDM and coherent communication systems:** For high-capacity data transmission in data centers.
- Industrial and reinforced optical patch cords:** Designed...
