

Stainless Steel Cable Trays in the EU

AI Overview

European stainless steel cable trays are available in ladder, perforated, closed, and wire-mesh designs from leading suppliers like Eurostrut, Trayco, Spina Group, DKC Europe, and Niedax Group.

Key Manufacturers and Models

- 1. Eurostrut** Eurostrut offers stainless steel cable trays suitable for industrial and marine applications, including distribution trays, cable routes, and NATO-type models. Their trays are available in various widths, heights, and configurations, with open or perforated designs to reduce overheating and allow easy maintenance.
- 2. Trayco** Trayco specializes in Belgian-manufactured cable trays, mesh trays, and ladders, providing customized solutions and consulting for installation. Their stainless steel trays are optimized for durability, corrosion resistance, and fast assembly, suitable for both indoor and outdoor applications.
- 3. Spina Group** Spina Group supplies a wide range of stainless steel cable trays, including ladder, perforated (PS and AR series), closed-bottom (FC series), and wire-mesh trays. They offer custom sizes, standard widths like 300 mm, and full compatibility with accessories such as elbows, junctions, and covers. Their trays are designed for industrial plants, infrastructure, and harsh environments, ensuring strength, corrosion resistance, and compliance with EN and UL standards.
- 4. DKC Europe** DKC Europe provides a comprehensive range of cable tray systems for civil and industrial infrastructures, including stainless steel options. Their products focus on energy protection, transport, and distribution, with solutions suitable for large-scale installations.
- 5. Niedax Group** Niedax Group offers stainless steel, aluminium, PVC, and GRP cable management systems. Their portfolio includes ceiling, wall, and floor-mounted trays, with a full range of accessories. They provide customized solutions for complex industrial and energy projects, ensuring modularity and compliance with European standards.
