

Transparent cover for rain protection of electrical distribution box

Overview

Protect your electrical box with UV-resistant, IP65 waterproof rain covers. Choose from lockable, hinged, or transparent designs. The transparent cover allows for quick inspection and monitoring of your electrical connections. These covers allow a clear view of the panel's contents, reducing the need to open the cover during inspection, thus ensuring both. These IP67 transparent covers designed to fit a wide range of circuit breaker boxes, including 2, 4, 6, 8, 10, 12, 13, 16, 18, and 24-position configurations, with an 86 type option. Clear and transparent waterproof boxes protect components in harsh conditions and are available in a variety of sizes. The Waterproof Electrical Distribution Box, with its high-definition transparent cover, is a transparent panel that not only allows for easy monitoring of the internal components, but also enhances the overall aesthetics, making it perfectly suited for functional applications.
