

Uganda s professional explosion-proof distribution box manufacturer

AI Overview

Explosion-proof distribution boxes in Uganda are available from certified manufacturers compliant with IEC, ATEX, and IECEx standards, suitable for hazardous industrial environments.

Key Manufacturers and Suppliers in Uganda

- Warom Group** – Specializes in explosion-proof electrical equipment including distribution boxes, control equipment, and lighting. Their products comply with IEC, ATEX, and IECEx standards, making them suitable for petroleum, chemical, marine, and mining industries.
- Hexlonex** – Offers durable explosion-proof distribution boxes and electrical enclosures certified for Zone 1 and Zone 2, meeting IECEx and ATEX requirements.
- Local B2B Suppliers** – Platforms like Europages and Amin.ug list multiple Ugandan suppliers and manufacturers of explosion-proof enclosures and distribution boxes, providing options for custom sizes, quantities, and delivery across Uganda.

Standards and Compliance

- IEC 61439-1**: International standard for low-voltage switchgear and controlgear assemblies, often applied to explosion-proof distribution boxes.
- ATEX Certification**: Required for equipment used in explosive atmospheres within the EU and recognized internationally.
- IECEx Certification**: International certification for equipment used in hazardous areas, ensuring safety and reliability.
- CENELEC and NEC Zones**: Some products also comply with European and North American hazardous area classifications.

Applications

Explosion-proof distribution boxes are designed for hazardous locations where flammable gases, vapors, or dust may be present. Typical industries include:

- Oil and gas extraction and processing
- Chemical manufacturing
- Mining operations
- Marine engineering and offshore platforms

Considerations for Selection

- Zone Classification**: Ensure the box is rated for the specific hazardous zone (Zone 1, Zone 2, etc.).
- Material and Durability**: Aluminu...
