

Vertical European-style cable tray manufacturer

AI Overview

Leading European suppliers of vertical cable trays include Eurostrut, Eurotray, DKC Europe, Trayco, and Niedax Group, offering durable, compliant, and customizable solutions. Key Suppliers and Offerings Eurostrut provides a wide range of cable trays suitable for industrial and marine applications, including vertical installations. Their trays are made from hot-dip galvanized steel or stainless steel, feature open or perforated designs to reduce overheating, and are available in various widths, heights, and configurations. They offer fast installation and direct quote requests via their webshop (Eurostrut) . Eurotray Support Systems specializes in cable management solutions designed for heavier cable loads and vertical applications. Their systems include trays, mounting supports, connection parts, and fittings, suitable for low, medium, and high voltage cables. They also provide turnkey solutions and components for ventilation, cooling, and electrical grounding, making them ideal for data centers, food manufacturing plants, and industrial environments . DKC Europe is a European leader in cable tray systems, offering comprehensive solutions for civil and industrial infrastructures. Their product range includes energy protection, transport, and distribution systems, suitable for vertical and horizontal installations . Trayco produces Belgian-made cable trays, mesh trays, and ladders, with a focus on optimization and consulting for cable support systems. They provide tailored solutions and project-specific advice, making them suitable for customized vertical cable tray installations . Niedax Group (part of the OBO Bettermann Group) offers over 50,000 products, including ladder and perforated trays, wire mesh trays, and support systems. Their solutions are designed for industrial, commercial, and infrastructure projects, emphasizing durability, corrosion resistance, and complianc...
