

Wholesale Price of Mesh Cable Trays in Myanmar

AI Overview

Mesh cable trays in Myanmar typically range from around \$50 to \$150 per tray depending on size, material, and supplier.

Overview of Pricing

The cost of mesh cable trays in Myanmar varies based on material, dimensions, and manufacturer. Common materials include galvanized steel, stainless steel, and aluminum, with galvanized steel being the most widely used due to its balance of durability and affordability. Stainless steel trays are more expensive but offer superior corrosion resistance, suitable for industrial or outdoor applications. For example, Tripp Lite wire mesh cable trays measuring 300 x 100 x 1500 mm (12 in x 4 in x 5 ft) are sold in 2-pack sets and are priced at a higher range due to their heavy-duty steel construction and powder-coated finish, which ensures long-term durability and rust resistance.

Local Suppliers and Price Factors

Local manufacturers in Myanmar, such as Jeetmull Jaichandlall (P) Ltd. and Brilltech Engineers Pvt. Ltd., offer mesh cable trays at competitive prices, often tailored to project requirements. Prices can vary depending on:

- Tray size and length:** Larger trays or longer sections cost more.
- Material type:** Galvanized steel is cheaper than stainless steel or fiberglass.
- Load capacity:** Heavy-duty trays designed to support more cables are priced higher.
- Customization:** Special shapes, perforations, or coatings can increase cost.

Typical Price Range

- Small to medium trays (1-2 meters): Approximately \$50-\$80 per tray.
- Heavy-duty or coated trays: Around \$100-\$150 per tray.
- Custom or industrial-grade trays: Prices may exceed \$150, depending on specifications and supplier.

Recommendations

When purchasing mesh cable trays in Myanmar:

- Compare local suppliers for bulk discounts.
- Consider material and environmental conditions to ensure longevity.
- Check for warranty and quality certifications, especially for industrial installations.
